# **Egyptian planning in Nuclear Power Plant & Localization**

**By**

**NABIL MANSOUR**

**[mansournabil@hotmail.com](mailto:mansournabil@hotmail.com)**

**Egyptian planning in Nuclear Power Plant**

**The Egyptian program  
looking for constructing  
four units With ROSATOM  
(Russian) company  
Cooperation**

## **Egyptian planning in Nuclear Power Plant**

**Each Units generate 1200 Mega Watt**

**The total generating power is 4800 Mega Watt**

## **Egyptian planning in Nuclear Power Plant**

**The Egyptian Side and the Russian Side assigned the pre- agreement last year for the constructing 4 units, and we hope to assigning the final Contract agreement before the end of this year**

**Egyptian planning in Nuclear Power Plant**

**The Sitting of the Nuclear  
Power Plant was finished  
In El-Dabaa location**

## **Egyptian planning in Nuclear Power Plant**

**With respect to Localization issue, Egypt has experience in this matter, Where the main and Auxiliary pool for the Second Research Reactor were fabricated in Egypt in 10<sup>th</sup> of Ramadan City.**

## **Egyptian planning in Nuclear Power Plant**

**So, we hope to make good cooperation with 10<sup>th</sup> of Ramadan Companies because a lot of them has ISO Standard**
